An English Translation of the Torah text that your child is studying, preferably with Rashi, is highly recommended for at-home study, review and homework. Artsroll, Mesorah and other companies print reliable, readable books. Though they are expensive, they will last your family throughout the years. A less expensive, though less thorough home aid would be the Artscroll Stone Edition *Tanach*. This is a translation of the entire Bible with occasional comments, though without the full Rashi. This book can be ordered through the school for $95.00. Please indicate above if you wish the school to order this item.
